

REFINING & REDEFINING  
LIGHT

LUMIERE GROUP

## Our Story

“Architecture which enters into a symbiosis with light does not merely create form in light, by day and at night, but allow light to become form.”

— Richard Meier. Architect

Light: it's the crucial aspect in every design or architectural endeavor, the element that brings shapes, spaces and interiors to life. Lighting is both a science and an art form.

Lumiere Group was founded in 1994 by the third generation of the Ariss family (Ziad Ariss, Wissam Ariss, Zeina Ariss) a family with a history in the lighting industry since 1923. That history served as a strong foundation for the future of the company.

Starting out in Beirut with a handful of employees, Lumiere Group achieved a meteoric rise by introducing the latest industry trends to the region, carving out a name for itself as the

go-to brand for contemporary lighting. Today, it is a prominent figure in the market with a staff of over 150 dedicated professionals and a select portfolio of clients all over the Middle-East and Africa.

Our track record speaks for itself: Lumiere Group is a storied name that spells innovation, quality and reliability. In partnership with our network of leading European manufacturers and regional affiliates, our experts provide tailored lighting solutions adapted to a variety of industry needs. Our unique architectural and artistic lighting designs put us on the map as trendsetters who revolutionized the field and established a new business model.

## Expertise

“To understand one thing well is better than understanding many things by halves.”

— Johann Wolfgang Von Goethe. Poet, novelist, playwright, natural philosopher, diplomat, civil servant

As major suppliers of high-end lighting fittings in Lebanon and across the region, we at Lumiere Group pool together an all-inclusive mix of talents. In collaboration with our partners and affiliates, we offer a full-fledged range of services including design, consultation, project management, and lighting calculation.

Catering to architects, interior designers, contractors, real estate developers and end users alike, we act as a bridge that connects the customer to the manufacturer. Our regional presence extends across all lighting

segments and specifications, with one common denominator: uncompromising quality. Always on the cutting-edge of the latest technological and design trends in the field, our corporate group provides full-service innovative solutions for contemporary lighting, handling every requirement and budget with practiced ease.

From the design phase to the follow-up, as consultants or suppliers, our flair and know-how help guide you and provide you with the solution that is suitable for you. Ours is the address for ensuring your lighting needs are met at every turn.

## Lighting Segments

“More and more, so it seems to me, light is the beautifier of the building.”

— Frank Lloyd Wright. Architect

With a solid reputation in the market and an established, comprehensive network of leading names in every aspect of the business, Lumiere Group is the answer for all your lighting demands. We offer a complete range of customized solutions suitable for a wide variety of requirements across the full spectrum of the industry, including the following segments:

- Religious
- Educational
- Public
- Hospitality
- Landscape
- Cultural
- Offices
- Residential
- Retail
- Recreational

## Our People

“Alone we can do so little, together we can do so much.”

— Helen Keller. Author, political activist, lecturer

Lumiere Group brings together an eclectic group of talents with complementary skills, synergizing the artistic, technical and managerial facets of the trade. Supported by our affiliates, we boast a broad lineup of professionals from all over the region and the lighting field. From industrial designers and sales consultants to architects and electrical engineers, our multidisciplinary team is the key to our success, bringing a well-rounded scope of expertise to the table that makes Lumiere

Group a leader in lighting. We believe our people are our greatest asset; as such, we invest heavily in acquiring new talent and developing our human resources to build an integrated workforce united around a common vision. Lumiere Group has always had a tightknit team, and it never lost that sense of belonging; even today, our wide corporate family, which extends across many countries, retains the same harmony and cohesiveness.

Our executive management team has an international educational background with solid business experience in the Middle East lighting market.

### **Ziad Ariss, CEO**

Founder of Lumiere Group, Ziad is a North Eastern University alumnus, majoring in business administration (Boston M.A, USA). With more than 18 years of solid experience in lighting in Lebanon and the region, Ziad focuses on the Group’s development, sales and expansionary strategy, vision and corporate development.

### **Antoine El Khoury, Managing Partner**

A Georges Washington University alumnus (Washington DC), with over 25 years of experience in lighting in Lebanon and the region, Antoine is involved in strategic communications with our business partners, as well as in the Group’s development, vision, and corporate development.

### **Wissam Ariss, Vice Chairman Of The Board**

A Harvard Business School MBA and McKinsey alumnus, with solid industrial, logistics and business experience in the USA and the MENA region, Wissam is also a board member of the “Lebanese chamber of agriculture, industry and commerce” where he is the chairman of the finance committee board. Wissam is a member of the “young president organization” and a board member of several industrial, trading and logistics companies in the USA, Europe and the Middle East.

### **Zeina Ariss, Member Of The Board**

## Branches

“The secret of success is to do the common thing uncommonly well.”

— John D. Rockefeller Jr. Financier, philanthropist

Lumiere Group has expanded far and wide and across borders. Today, the company boasts several branches in Lebanon and the Kingdom Of Saudi Arabia, as well as branches in Jordan, Qatar, Kuwait, the United Arab Emirates, and Nigeria.

Our presence on the map spreads throughout

the Middle-East and Africa, with regional offices strategically distributed to answer market needs and streamline collaboration with our network.

Each one of our elegant premises reflects our focus on high-end quality and state-of-the-art design, with a signature look that evokes the focus on style inherent in our line of work.

## Affiliates | Lumiere Studio

“Coming together is a beginning, staying together is progress, and working together is success.”

— Henry Ford. Founder of Ford Motor Company

Lumiere Studio is a multidisciplinary art and design firm founded by Lumiere Group. In their design practice, light is used to enhance the experience of a visual environment. Their work is wide-ranging and encompasses architecture, strategic branding and innovative design.

Lumiere Studio offers a comprehensive list of lighting design services: from initial consultations, strategy and concept development, lighting calculations, and energy impact analysis for LEED certification, all the way to construction, on-site support and final lighting set up. Their portfolio reflects a richly diverse range of output, from residential quarters to retail and

hospitality. They not only handle indoor design, but outdoor landscapes and architectural projects as well. The people at Lumiere Studio believe that lighting is the fourth dimension of architecture, meant to be integrated within other disciplines in order to enhance them. Their work focuses on how lighting can affect social interactions, whether at work, home or school. Their expertise in design technique and sensitivity toward functionality as well as the social effects of lighting, equips them with the resources to find better solutions that are both environmentally sustainable and business oriented.

## Affiliates | Advanced Integration

A press of a button is all it takes: automation is the process by which the latest advancements in technology are integrated into individuals' lives. Once installed, the control systems ensure the smooth functioning of the different related processes. A simple switch allows regulation of the diverse mechanisms and guarantees a comfortable, care-free environment. Advanced Integration is built around this futuristic model.

An essential constituent of Lumiere Group, Advanced

Integration brings the future to the present, incorporating high-tech solutions into the art of lighting.

With its various award winning brands, it aims at enhancing the client's way of life. By fusing the diverse technologies with luxurious designs, its goal is to bring added value to the experience. Whether for residential, corporate, commercial or governmental purposes, its main concern is to cater to the customer's comfort and convenience.

## Affiliates | Delta Light Mena

The MENA branch of a Belgian family business, Delta Light MENA design and manufacture architectural lighting and collaborate with architects, designers, contractors and investors to integrate light into their projects. Thanks to an established global network that goes back decades, they have extensive experience in working on small and large scale houses, hotels, offices, public buildings, retail, and hospitality environments.

Incorporated in 1989 by business manager and designer Paul Ameloot, Delta Light has developed to become a

market leader and trendsetter in architectural lighting. With a new generation of the family taking the helm and bringing additional dynamism and ambition to the table, the future of Delta Light seems bright.

Today, Delta Light services its global clientele through a carefully chosen network of partners in over 120 countries. The success of Delta Light relies on a continuous search for perfection and innovation, in product design as well as in manufacturing techniques, quality control and customer support.

## Affiliates | Viabizzuno Middle East

Lumiere Group has established Viabizzuno Middle East as an exclusive agent for the Middle-East.

Viabizzuno ME is the regional branch of the famous Viabizzuno, lighting specialists named after the main road of the small village Bizzuno located in the province of Ravenna in Italy. It is a company that for more than twenty three years has been making design its reason for living; for Viabizzuno, design is not a simple professional activity, but a way to establish a relationship with others and with life itself. To design means to build something that lasts and keeps on living beyond temporary fashion; it is the way to fix the disorder of the world.

Viabizzuno designs light: light fittings, objects, lamps, lighting projects. For years it has been putting itself at the service of the most successful international fashion brands, institutions, museums, industries, design firms and public bodies by demonstrating how light has to be mixed with architecture, space, and the people who occupy it.

Viabizzuno has pioneered its own design philosophy, integrating light with architecture and becoming a recognizable design philosophy: a concept followed by architects and designers around the world...an identity...a style.

## Brands

As the representative of leading European brands in the Middle-East and Africa, Lumiere Group takes pride in featuring the cream of the crop of high-end lighting fixtures. Our prestigious list of partners is a signature of our dedication to quality and style:

# Al Amiri Terminal

**Architect:** The Associated Engineering Partnership / Gensler London | **Location:** Kuwait City, Kuwait | **Category:** Public

The Amiri Terminal is located adjacent to the Kuwait airport and it is a VIP terminal dedicated to Kuwait's esteemed constituents and his Highness the Amir. The roof dome is formed by a space frame structure, supported on low level insitu concrete structure.

# Abdali Pedestrian Spine

**Architect:** Lacey | **Location:** Amman, Jordan | **Category:** Public

The Amman Business Central District represents the new heart of the Jordanian capital, transforming highly underused hectares of prime real estate in Al Abdali district into an urban focal point built around a number of architectural anchors. These include: a pedestrian commercial spine (The boulevard); an open-air shopping center (The central market place) with mixed retail, catering and entertainment facilities; state-of-the-art high-rise office buildings; upscale hotels and residential quarters; and a modern convention center.

# Al Rayyan Stadium

**Architect:** Pattern Architects | **Location:** Doha, Qatar | **Category:** Public

This stadium is set to become the stage for passion for the 2022 World Cup. Developed and executed by Lighting Group Qatar, the lighting design for the project is based on multiple layers of light and a galactic theme conceived by Pattern Architects. The unique lighting helps to create a sense of wonder, reinforcing a connection to the cosmic environment and delivering an exceptional ambiance.

# King Abdulaziz Center For National Dialogue

**Architect:** H.A.K | **Location:** Riyadh, KSA | **Category:** Public

The venue for the very first National Dialogue Forum in the Kingdom of Saudi Arabia, this impressive building located in the nation's capital benefits from our veteran lighting solutions, namely the façade lighting which gives the building its distinctive look, as well as the interior lighting fixtures. The lighting design beautifully fits and harmonizes with the prestigious nature and grandiose scale of the project, highlighting its stateliness.

# Jeddah Economic City

**Architect:** HOK Architects | **Location:** Jeddah, KSA | **Category:** Public

Lined strategically along the coastline of the Red Sea, Jeddah Economic City is designed to embody a new point of view in what a mega city is all about. The City in mind is planned to breathe life into the northern area of Jeddah, attracting investors, tourists, as well as business opportunities that will break global records, becoming the first of its kind in city life.

# NPP Mwani Building

**Architect:** AEB Qatar | **Location:** New Port Project, Mesaieed, Qatar | **Category:** Public

Located at Hamad Port in Umm Al Houl, the new headquarters of NPP Mwani is equipped with state-of-the-art technology that is echoed in its cutting-edge lighting provided by Lighting Group Qatar. The exceptional design and high-tech solutions that went into the project reflect the importance of Mwani Qatar as a big name in the management of the country's seaports, quays, dry ports, containers and other terminals.

# Control Tower

**Architect:** AEB Qatar | **Location:** New Port Project, Mesaieed, Qatar | **Category:** Public

The New Port, strategically located outside the capital city of Doha, will be a world-class facility and a vital component of Qatar's economic infrastructure. The port's lookout tower is a standout feature of this megaproject, its twisted architectural form encased in a complicated and changeable geometric skin. The lighting provided by Lighting Group Qatar reflects this variability, creating a shifting pattern of a myriad of lights.

# Cedars Of God

**Location:** Bcharreh, Lebanon | **Category:** Public

The Cedars reserve in Lebanon is a natural treasure that stands as a symbol for the nation's history, unity and future. Lumiere Group took on a unique project that consisted of lighting the reserve's cedars at night, creating a magical atmosphere that sheds light on the majesty and importance of these millennial trees.

# MEA Cedar Lounge & Training Center

**Architect:** Joe Farah | **Location:** Beirut, Lebanon | **Category:** Public

Designed by Hilights with Lumiere Group as the supplier, the lighting for the brand new MEA Cedar Lounge signed by architect Joe Farah, is a holistic solution to a standout project, one that respected the space's natural light while accentuating its functionality. It stands as yet another example of lighting design as an art form, pushing the envelope of creativity and redefining the modern lifestyle through its balance of flair and functionality.

# Falomo Bridge

**Location:** Lagos, Nigeria | **Category:** Public

This famous bridge in Nigeria made headlines when contemporary Nigerian artist Polly Alakija was hired to paint murals on its columns. Solution Lumiere LTD was hired to provide the lighting for the public murals which are part of the planned urban regeneration program that is meant to transform the city into a more socially inclusive place.

# Princess Nourah Bint Abdulrahman University

**Architect:** Perkins+Will | **Location:** Riyadh, KSA | **Category:** Educational

The largest women's university in the world, Princess Nourah Bint Abdul Rahman University is located in Riyadh and was designed by Perkins & Wills Architects. Built with cutting-edge technology and avant-garde design, it also features the latest in lighting solutions provided by Lumiere KSA.

# King Abdullah University For Science & Technology

**Architect:** HOK | **Location:** Thuwal, KSA | **Category:** Educational

King Abdullah University of Science and Technology (KAUST) is an international, graduate-level research university established to drive innovation in science and technology and to support world-class research in areas such as energy and the environment. KAUST's new campus is the Kingdom of Saudi Arabia's first LEED certified project and the world's largest LEED Platinum project.

# King Abdulaziz Centre For World Culture

**Architect:** Snøhetta | **Location:** Dhahran, KSA | **Category:** Cultural

This prestigious arts center located in Dhahran, Kingdom of Saudi Arabia, is also known as Ithra. It was developed by Saudi Aramco to encompass a museum, a library, a cinema, an auditorium and exhibition halls. The project boasts exquisite lighting, including outdoor lighting fixtures, flawlessly supplemented by Philips Dynalite Lighting Control provided by Lumiere KSA, all of it precisely customized to help each space achieve its particular function.

# Beit Beirut

**Architect:** Youssef Haidar | **Location:** Sodeco, Lebanon | **Category:** Cultural

1936 witnessed the emergence of a residential complex that dominated the Sodeco intersection. Today, the project, which won the Light Middle East "Public Project of the Year" award, stands tall as the city's first multifaceted cultural center, museum, and memorial space – Beit Beirut. Each floor serves as a chapter of the city's history dramatically lit by Hilights' in collaboration with Lumiere Group.

# Royal Greens Golf & Country Club: KAEC Golf

**Location:** Jeddah, KSA | **Category:** Recreational

A global award winning eighteen-hole championship golf course with a seven star clubhouse, this gem of landscaping and architecture owned by Emaar, is fitted with the most prestigious brands in lighting, all expertly arranged to provide illumination that is both functional and atmospheric.

# Kempinski Marsa Malaz

**Architect:** AEB Qatar | **Location:** The pearl, Doha, Qatar | **Category:** Hospitality

As the first ultra-luxury hotel to open on Doha's iconic man-made island, namely The Pearl-Qatar, Marsa Malaz Kempinski offers an exceptional waterfront island experience built around the highest international design standards. Marsa Malaz Kempinski showcases the finest European architecture as well as Lumiere Group's signature lighting, blended with traditional Arabian elements in all of its 281 luxurious rooms and sprawling amenities.

# Kempinski Summerland Hotel & Resort

**Architect:** Samir Khairallah & Partners | **Location:** Beirut, Lebanon | **Category:** Hospitality

Summerland village is one of Lumiere Group's largest undertakings, a sprawling hub for tourism located just five minutes from Downtown Beirut. Selected lighting fittings for this grand-scale project consisted mainly of LED Engine, made in Italy. Lumiere Studio, along with Hilights, devised a lighting design for every aspect of the colossal project in close collaboration with architects and interior designers. Due to its proximity to the coast, the lighting fittings are aluminum corrosion resistant or made with stainless steel.

# Hilton Riyadh Hotel & Residences

**Architect:** Al-Omrania & Associates | **Location:** Riyadh, KSA | **Category:** Hospitality

With its stunning glass façade, art deco interiors and panoramic elevators, Hilton Riyadh Hotel & Residences exudes a luxurious vibe. Sky-linked to the Riyadh underground service, the hotel boasts direct access to the airport, as well as to the Granada Shopping Mall; a truly 21st century hotel that boasts truly 21st century lighting solutions worthy of its pedigree, not the least of which are the interior lighting fixtures supplied by Lumiere KSA.

# Crowne Plaza Riyadh RDC Hotel & Convention

**Consultant:** Zuhair Fayez Partnership Consultants | **Location:** Riyadh, KSA | **Category:** Hospitality

The Crowne Plaza Riyadh RDC Hotel & Convention center stands in the nation's new information technology hub, surrounded by the offices of multinational companies. The center lives up to its environment by featuring the latest in Lumiere KSA's lighting design, integrating cutting edge solutions such as customized lighting fixtures and entertainment lighting to create a state-of-the-art building.

# Shangri-La Hotel Jeddah

**Architect:** Perkins+Will | **Location:** Jeddah, KSA | **Category:** Hospitality

A 65 story hotel tower in Jeddah, the Shangri-La is a marvel of modern construction and innovative design, striking an impressive and distinctive silhouette. It's warm, elegant lighting design makes it a uniquely recognizable landmark in the Jeddah skyline, and its interior lighting is no less distinguished.

# Zaitunay Bay & The Yacht Club

**Architect:** Steven Holl Architects | **Location:** Beirut, Lebanon | **Category:** Hospitality

Lumiere Group was part of the international team of architects and designers, including Steven Holl (US), LEFT (US), Nabil Gholam and others, who were behind this innovative tourist attraction. The project is conceived as an urban beach, extending the existing Beirut corniche with a new sea promenade reminiscent of sea waves that serves both as an art exhibit and a restaurant strip, not to mention the prestigious Yacht Club.

# Spine Lounge

**Architect:** Gatsrelia Design | **Location:** Beirut, Lebanon | **Category:** Hospitality

Perched atop the area's tallest building, Beirut's Spine Lounge is quickly becoming one of the capital's hotspots. Thanks to an ingenious lighting installation designed by the city's own Gregory Gatsrelia and supplied by Lumiere Group, the lounge on the building's 12th floor acts as a beacon patterned to strange and avant-garde shapes, drawing the chic and hip from miles around.

# Abu Dhabi Mall

**Location:** Abu Dhabi, UAE | **Category:** Retail

Conveniently nestled in the heart of the city, Abu Dhabi Mall offers more than 200 stores of fashion labels and designer boutiques. Directly connected to the renowned Beach Rotana Hotel, Abu Dhabi Mall is a centerpiece in the social fabric of the city.

# Aishti By The Sea

**Architect:** Adjaye Associates | **Location:** Dbayeh, Lebanon | **Category:** Retail

Lumiere Group's biggest project to date is also its most ambitious. With almost 80,000 square meters in size, Aishti By The Sea is an innovative retail concept that combines art and shopping into one mega-complex. Lumiere Studio provided 87 shops with lighting services, consisting of products from our showroom, while also designing lighting for the interior landscape and the foundation's colossal façade.

# Boutique Le Chocolat

**Architect:** Anna Maria Giangrasso | **Location:** City Walk, Dubai, UAE | **Category:** Retail

Upgrading a sweets shop to an art gallery, transforming chocolate tasting into a multi-sensory experience, converting a lighting device into a veritable cocoon of light; These are the challenges brilliantly met for Boutique Le Chocolat in Dubai, thanks to the collaboration of Lumiere Studio and Lumiere Group Emirates LLC. The finesse of their ingenious lighting system and components, brought to life the complexity of the original architectural concept.

# Private Residence

**Architect:** Dori Hitti | **Location:** Beirut, Lebanon | **Category:** Residential

A picture perfect illustration of residential architecture and lighting design, Dori Hitti's private residence is state-of-the-art in every way. Lumiere Group provided the lighting solutions that helped bring out the modern charm of the space, tailoring the luminaires to each area in order to create a truly unique living space.

# Index Penthouse

**Architect:** Studio M | **Location:** Dubai, UAE | **Category:** Residential

Perched at the top of Foster's Index 80 story tower in the heart of Dubai's Financial Center, sits a 14,000 square foot art collector's dream penthouse. The client's brief was specific: no color except for the art. To that end, a mix of restrained, sober colors, materials and lighting was applied to serve as the perfect backdrop to a museum-like space with a large collection of modern art.
